

Red Nose Company: Trench Road

Actors Timo Ruuskanen and Tuukka Vasama have been touring in Finland for the last five years with their popular theatre shows. Now the duo brings on stage an English version of their hit show Juoksuhaudantie.

"The audience laughs from the very beginning to the end. The actors improvise and build up a good connection with the spectators. Absolute fun, lovely performance."
– Satakunnan kansa -newspaper

Trench Road is based on a novel by Kari Hotakainen, one of the best-selling authors in Finland. It reveals the essence of the Finnish way of life and mentality, with a gentle touch of irony. The show is spiced up with live music, as the actors perform rock-classics from Neil Young to U2 and Johnny Cash.
