

Red Nose Company: Frankenstein

Welcome to the world of crazy scientists and groovy monsters! Red Nose Company's Frankenstein is a playful interpretation of Mary Shelley's classical story, adapted for children and families.

Disco music, wonderful lights and reactive comedy: together with the audience we build an exciting feel-good experience. The actors Timo Ruuskanen and Tuukka Vasama are Finland's most popular clown duo known for their witty and warm-hearted performances.

Frankenstein is a central myth in our cultural history, and it deals with the experience of otherness and the feeling of being different. In our performance, we even lead the young audiences through the history and ethics of science.

The performance is recommended for children from age 6 and up, and their adults. Language: Finnish and English versions available.

Script, directed by, on stage: Timo Ruuskanen & Tuukka Vasama
